SUMMARY:

The purpose of the CPC service work is to share with the professional public what A.A. is, what we do, and how to contact us. Our hope is that an alcoholic, maybe a friend or family member of concern, hears about A.A. And will know that we offer a solution to alcoholism that works and can keep them sober & content. The general sense is that A.A. members remain anonymous at the public level involving all forms of media, but members remain anonymous at the public level involving all forms of media, but that the A.A. name itself (as well as phone numbers, websites, etc.) should be known and accurate & consistent information on A.A. needs to be made available.
