

## Central Service meeting recommendation for consideration by groups

Here is the recommendation which I will be making to be voted on next meeting. This should allow groups sufficient time to consult group members and make an informed decision. This recommendation is in no way specific to the group which has been under discussion and applies to any group who may wish to be listed, or currently is listed in the central service meeting list, newsletter or on the website.

Here is the precise wording of the recommendation I will be putting forward.

“I recommend that we include in the District 1 & 2 Central Service Website, Newsletter and Meeting List only those AA Groups who maintain without alteration, the 12 Steps and 12 Traditions of Alcoholics Anonymous as turned over to the General Service Conference of Alcoholics Anonymous by Bill Wilson, July 3rd, 1955. ”

This recommendation does not in any way govern the exact way in which groups conduct their meetings. If a group wishes to not read the 12 steps and 12 traditions, or wishes to include or exclude any other reading is completely outside the scope of this recommendation.

Yours in service, Alex Lindsay.
