Keeping district meetings online

Leah raised a concern

This was brought up for discussion again by Leah, Kim looked up the summary of the discussion we had about this in May and read it to the group, it is as follows;

"Dave asked for a discussion on whether we had more attendance at in person district meetings and whether we should switch back to them.

We discussed transitioning district meetings from Zoom to in-person format, with mixed opinions expressed. Some members preferred in-person meetings for better networking and face-to-face interaction, while others valued the convenience and accessibility of Zoom meetings. We reviewed attendance numbers for both formats, finding them very similar, almost no change in numbers."

There were questions about whether this was supposed to be brought back to the groups for discussion and to whether a motion was ever put forward. Leah will bring it back to her group to form a motion to be voted on at the next meeting.

This item will stay in unfinished business for further discussion.
