"Made direct amends to such people wherever possible, except when to do so would injure them or others."

WHAT IS...

What is an Informed A.A. Group Conscience?

The AA group conscience is the collective conscience of the group's membership on an issue or idea before definitive action is taken. This is achieved by the group members through the sharing of information, the discussion of individual points of view, and the practice of our A.A. principles. To be fully informed requires a willingness to listen to minority opinions with an open mind and to even change your mind after hearing their position. Your group's conscience is then carried to Central Service as one vote.
